

## **CORAL SEA LOCAL CULTURE AND LOCAL COMMUNITY PROCEDURE**

Coral Sea company and its hotels are keen to encourage the relationship between both local community and the hotel by following the below guidelines and objectives: -

1. Development of an internal purchasing policy where priority is given to local service or product providers whenever this is possible.
2. Hotels use local suppliers for fish, meat, vegetables and fruits----- etc.
3. Hotels promote other local products and services to guests by recommending local markets and crafts
4. Hotel seek to always provide services and/or facilities to the community that normally aren't easily available for them.
5. Hotels provide customers with information and guidance on appropriate behaviour in relation to local community's cultures
6. Hotels encourage customers to explore the destination through providing information on local attractions
7. Coral Sea Hotels and resorts participate actively in socio-cultural projects such as collecting donations aimed to support local community.
